WILL IT GROW?

A great many of our best posted farmers believe that there are thousands of acres of fine lands in Washoe county that will raise fine wheat without irrigation. If this is true it will make a change in this county such as came over California when its capacity for agriculture was discovered. In order to encourage those who have teams and tools to work with, the GAZETTE has raised a premium to be given in 1883 by the Society for the best samples from 10 acres of wheat raised without irrigation on sagebrush land. In an extensive correspondence on the subject we have learned that a brand of seed known as "Odessa" does the best in dry climate. It has been tried thoroughly in Nebraska and Kansas, where it has yielded well and made very fine flour. Judge Waterson of Marysville, Kansas, has shown a willingness to oblige, and we recommend any of our friends who take an interest in the matter to correspond with him.

EDITORIAL NOTES.

Eureka Leader: Jack Perry, an old Democratic war horse, says: "I have known Strother for twenty years, and I defy any man to say anything against his character as a man or a citizen." This is just such a manly acknowledgement as might be expected from Colonel Perry, whose political proclivities never deter him from giving an honest opinion.

A sailor named Joe Hanson shot and instantly killed a sailor boarding-house keeper in San Francisco last night. It is the first instance of the kind on record. The killing has always been the other way. The man should have a pension.

So far in this campaign Jewett Adams has not put in an appearance on the platform. His limited knowledge of the language prevents him from making a speech, and he does not dare trust himself on the rostrum. That's what the Carson Appeal says.

The telegraph lines are not working well to-day, in consequence of the storm. The GAZETTE, therefore, is without its usual quantity of dispatches.

The Mormons say they will freely spend money to beat Cassidy for taking an active part in ousting Cannon from Congress.

TELEGRAPHIC BREVITIES.

—The body of Miss Fanny Parnell will be taken to Ireland for interment.

—Ben. F. Pritchard, a Washington claim agent, has been arrested for forgery.

—A postoffice named Salinas has been established in Churchill county, Nevada.

—In a fire at Stagg Creek, near Ottawa, two men named Field were burned to death.

The President and Cabinet left New York for Boston to-day, to attend the Webster centennial.

—Greenbackers of the 11th Massachusetts have nominated Wilbur F. Whitney for Congress.

—The Khedive of Egypt and the Sultan of Turkey are at loggerheads, and the breach widening.

—At Austin, Texas, yesterday, Rynhard Chapman, a Baptist minister, stabbed and killed John Turner.

—The railroad depot at Richland Center was burned yesterday, together with a large quantity of freight.

—Some scientists say the comet will run into the sun next year, and that as a result the world will come to final smash.

—Leopold Morse, Democrat, and E. B. Haskell, Independent Republican, decline to stand as candidates for Congress in 5th and 9th Massachusetts Districts.

TO-DAY'S NEWS

Press Dispatches to EVENING GAZETTE.

EASTERN DISPATCHES.

A JURYMAN'S PROTEST.

WASHINGTON, October 9.

Foreman Dickson of the star route jury has sent the following communication to District Attorney Corkhill: To Geo. B. CONKILLI, U. S. Dist. Attorney, Dist. of Columbia—Dear Sir: I am informed that you have been ordered by the Attorney-General to hand to H. H. Wells the affidavits filed by myself and others in your office, in which certain persons are charged with having tried to corrupt the jury in the star route case. I am also informed that you have complied with this order. I write for the purpose of protesting against your action and that of the Attorney-General. Most serious charges have been made against the agents of the Department of Justice, creatures of the Attorney-General, and nothing could be more absurd than to allow that Department to investigate these charges. The Attorney-General should be unwilling to investigate charges so nearly touching his official conduct, and the fact that he wishes to take charge of the investigation is the best reason why he should not be allowed to. It might with equal propriety be left to the defendants or their attorneys, or to persons charged with having offered bribes, or to jurors suspected of having accepted them. The investigation should be made under the direction of the Court before whom the case was tried and by the attorney for the district. It should be as open as day, and all parties should have not only an opportunity of being heard, but of hearing. For one, I demand that this investigation be taken out of interested hands.

Mormon Opposition to Cassidy.

WASHINGTON, October 9.

After Delegate Cannon of Utah Territory had been ousted from the House of Representatives by the House declaring his seat vacant, many persons in Utah, having business before Congress and the Departments, requested Representative Cassidy of Nevada to look after their interests here. Mr. Cassidy took an active part in the movement which resulted in the removal of Cannon, and the Mormons, who are noted for being fighters in Western politics, are now using their entire energy and considerable money to defeat Cassidy's re-election to Congress, as also to prevent the re-election of others who voted against Cannon. A prominent Mormon, in a letter, to a gentleman here, after speaking of their expectation to defeat the operation of the Edmunds polygamy law through the United States Courts, says: "You can only rely on one thing; we will beat Cassidy for Congress, and thus show that it is dangerous for outsiders to meddle in our matters. It will take probably plenty of money, but we will spend it freely enough to cover him so thoroughly that he will never be heard of again. A Republican Congressman from California will share the same fate. We must protect ourselves, and to do so we will use the same thing they used against us. Jerry Black is confident, our friends say, that he will knock the bottom out of the Edmunds' outrage on us.

The President's Health.

NEW YORK, October 10.

The following is indirectly from the President himself: Arthur is not troubled with Bright's disease or any other disease of the kidneys, so far as he knows. There has been no consultation of physicians, nor any real or imaginary sickness affecting him. He had a cold some time ago and his physician prescribed for that. When he left Washington he was troubled with malaria, but not in a severe form. His physician advised him to go inland to get rid of it. This was the reason of his trip to the Thousand Islands. He enjoyed himself very much while there, and has come back fully restored to health. Any stories of the President having chronic diseases of any kind are pure fabrications.

Small-Pox in Chicago.

CHICAGO, October 10.

Through the negligence of an inspector, who failed to vaccinate persons in the vicinity of 254 East North avenue, where a sporadic case of small-pox recently appeared, the disease has broken out in seven adjacent houses. Wholesale vaccination is now progressing in that section and no fears of a further spread are entertained.

A Demand for U. S. Bonds.

NEW YORK, October 10.

A sudden demand from all quarters caused an advance in Government securities yesterday, and a scarcity of bonds. Large sales of fives were made privately at one quarter per cent. above current quotations. These points are quoted 1 1/4 and 2 per cent. premium, according to numbers.

A Land League Project.

BUFFALO, October 10.

Officers of the Irish National Land League of America have issued a circular. It says: "A statement having been made that the Land League no longer exists calls for emphatic pro-

test. Parnell and his co-laborers are at the head and it will be continued till its mission is accomplished. Let no friend of Ireland be misled. Let everyone who ever believed in its purposes or contributed to its advancement rally to its support. United and hopeful, its final triumph is assured."

Folger's Successor.

WASHINGTON, October 9.

Secretaries Lincoln and Chandler have gone to New York to be present at the Cabinet meeting on Tuesday. It is rumored that Folger's resignation will be accepted then and his successor named. His successor will probably be Senator J. P. Jones of Nevada or John C. New, the now acting Secretary of the Treasury.

FOREIGN TELEGRAPH.

Military Jealousy.

CAIRO, October 10.

Considerable dissatisfaction exists among officers and men of other British regiments in Egypt at the singeing out by General Wolseley of the Royal Irish Regiment for special mention in his dispatch of Sept. 13th to the War Office, giving his report of the battle at Tel-el-Kebir.

Arranging for a Strike.

LONDON, October 9.

A conference of coal miners representing nine counties of England, will meet at Manchester on Friday to decide upon the time in which notices shall be given of a general stoppage of work, especially in Yorkshire, Derbyshire, and Lancashire.

A Heavy Failure.

LIVERPOOL, October 10.

Roberts, Williams & Co., timber merchants and saw-mill proprietors, will go into liquidation. Liabilities £180,000.

Young Bismarck Promoted.

BERLIN, October 10.

William, youngest son of Bismarck, has been promoted to the rank of Government Counsellor.

WESTERN TELEGRAMS.

Striking Railroaders.

SAN FRANCISCO, October 10.

A Portland dispatch says 2500 white construction employees of the Northern Pacific in Montana struck last Saturday on account of a rise in the rate of board half a dollar per week. There was no violence. The supervising engineer telegraphed that old board rates would be maintained and thought the men would return to work. Chinese numbering 5,000 are not in the strike.

TELEGRAPHIC NEWS IN BRIEF.

—At Bridgeport, Conn., a barrel containing 50,000 breach loading caps exploded with terrific force, destroying the building.

—At Pensacola, Florida, there were 48 new cases of yellow fever and five deaths. There have been altogether 1300 cases and 112 deaths.

—The issue of Standard silver dollars from the United States Mints for the week ending October 7 was \$680,495.

—In London, yesterday, the Dillon stakes were won by Lord Brudenell, Keene's Blue Grass second, Rineland third.

—At Richmond, Va., yesterday the workers in the rolling mills and spike works of the Tredegar Company stopped work because of the dismissal of one of the rollers.

—At a baptism at Canton, Ga., a bridge fell into the river and precipitated 200 persons into the water. No lives were lost, but many legs and arms were broken.

—Theodore Finney, ten years old, living at Glenwood, Nebraska, suicided last Saturday evening. The reasons for the act was that the boy was driven crazy with blood and thunder literature.

—Gedfried Thomas, a German aged twenty-six years, committed suicide last Sunday by throwing himself into a well on the farm of Hans Rabiner, near Midland Station, a few miles from Omaha, Nebraska.

—The boiler in a saw mill of Young & Smith, near Shelbyville, Ind., exploded yesterday morning, instantly killing George Young and fatally injuring his partner, Harry Smith, two proprietors, who were the only persons within the mill.

—In Chicago yesterday occurred the competitive drill between St. Bernard Commandery, Knights Templars of Chicago, and Rose: Commandery, of Indianapolis, for the possession of the prize drill banner awarded by the triennial conclave of 1880. It was won by the St. Bernard Commandery.

Good Ore Coming.

The ore now being brought to Reno from the Potosi mine, Candelaria, for reduction at the English mill, is of much better quality than any heretofore received here from that mine and will probably yield the shippers a good profit.

JOTTINGS.

The Grand Jury is in session to-day.

The Reno Guard is to have a new shooting range.

House to rent, hard finished, etc. See 50 cent column.

Prizes for the best paintings will be awarded this evening.

Baldy Green, the promising 2-year-old, was to leave for home to-day.

Fresh candy at Nasby's. Thermometer at 7, 9, 11, 1 and 3—54, 56, 58, 52, 55.

W. W. Bordwell of Carson is the latest addition to the roll at the Insane Asylum.

The flowers and foliage in the depot park are succumbing to inclement weather.

The special V. & T. Fair train was not a success this year, and was therefore drawn off.

Race-horses and horned stock exhibited at the Fair are being returned to their various homes.

It is said that Andy Allen has been offered a large sum for his Bridgeport mare, now at the Fair grounds.

The comet is now at its grandest. Turn out in the morning and see the glorious sight before the sun absorbs it.

The ladies of the Catholic Church will present the prettiest lady visiting Kimball Hall to-night with a beautiful hat.

It is said that the Central Pacific Railroad Company will run an excursion train from Reno to San Francisco during the holidays.

The live gale of wind this morning made things rattle and horsemen growl. The result of the blow will most likely be another rain-storm.

This rain will be liable to cause some serious damage to the hay and grain of the unlucky farmers who have not yet completed their harvesting.

Miss Van Syckle, Carson, was awarded Seymour, Moye & Co.'s premium (hat rack) for being the most tastefully dressed lady at the pavilion last evening.

Almost all honest voters have declared their intention to vote for the best man at the coming election, and this ought to insure the success of the entire Republican ticket.

The Pullman palace car Izaak Walton went east this morning in charge of a porter, after discharging its load of hunters and fishermen on the other side of the mountains.

A lounging remarked to a sport to-day: "This rain'll knock the races, won't it?" "Oh, no; the races are all right. Keep the pool box out of the wet, and there'll be fun enough."

A large quantity of shoes and dies, with other quartz-mill appurtenances, are at the freight depot, awaiting shipment to Plumas, where they have to lay in a Winter's supply of such things.

The N. & O. road is picking up quite a number of travelers. The new passenger car is comfortable and neat, and will be appreciated by up country tourists, as it takes off 30 miles of stage jolting.

"What did you say the conductor's name was?" "Glass—Mr. Glass." "Oh, no!" "But it is." "Impossible—it can't be." "And why not, pray?" "Because, sir, glass is a non-conductor." Deafening applause from the scientific passengers.

The sporting fraternity is thinning out rapidly, adopting various modes of departure. The better class always travel in good shape, but the side-show element are generally impudent and trust to luck and legs in making their yearly circuit of Fairs. Nobody won anything in Reno this year.

A fat old Trojan of some sixty Summers and as many Winters, had a good run this morning to overtake the V. & T. train, after it had got a good start, to the great amusement of a crowd who bet freely that the old man wouldn't make it. Havenor "muddled the pool-box" for them by stopping the train.

The Verdi School.

Following is the report of the Verdi public school for the month ending Sept. 29th: Whole number of days attendance, 323; whole number of days absence, 20; whole number of boys enrolled, 12; whole number of girls enrolled, 12; total, 24. Percentage of attendance, 94. Roll of Honor—Nancy Laughton, Annie Gordon, Marcia Bacon, Willie Keller, Charles Laughton, Jimmie Henry, Katie Laughton, Ellen Gordon, Josephine Bonia, George Fouke, Claud Merrill, Burnett Keller.

ADDIE PARK, Teacher.

A Carson Roman.

The Appeal says there is a man in that city who, having been divorced from his wife for nearly twenty years, will leave there in a day or two for California to remarry the partner of his early manhood. He has seen neither his wife or children in all that time. Three daughters who were mere children when he last saw them are married and have children of their own.

THE RACES.

Exciting Times at the Track Yesterday—Lively Races and Big Growls.

After the GAZETTE went to press yesterday, Slim Jim took the third heat in 2:43%. The fourth heat Slim Jim came out ahead, but was set back for running; time 2:49. Each horse now had two heats and the situation was very exciting. Complaints were made against both drivers and the judges ordered new men up behind both horses. There was a long wrangle over the change, and it was only by President Hymer's firmness and decision that a serious row was averted.

People on the track advised Lige Downer not to give up his sulky, but he said he was obliged to obey the judges. They then tried to scare the new driver out of the sulky, but he said he had no desire to force a contest.

He drove the race in first-rate style, after getting Slim Jim down from a bad break just after the start. He won the heat and race. Time, 2:47%. There was a big kick on account of the William Tell decisions in the postponed race. He was given two heats on account of the other horses running, and there was a howl all over the grounds that the judges were unjust. A GAZETTE reporter interviewed them, and they said they were going by the rules, and had no choice except to give to the horse that trotted most and fastest. A made up quarter of a mile race was run between heats by Shooting Gallery of Greenville and Doc Benton's Queen Victoria. Shooting Gallery came in ahead, but it was declared a dead heat and another dash was taken after the trot. This was also declared a dead heat and the race postponed until noon to-day.

LAST DAY OF THE RACES.

The owners of the two horses in the one-mile race drew their money to-day and the race was declared off. To-day's race will close the Society's programme.

In the three-in-five trot the pools sold: Queen \$20, Fred Arnold \$8 and the field \$3. Crabb took the first heat in 2:41. Queen second, Arnold third, Douglas distanced. Crabb won the second heat in 2:45%. Arnold won the third heat, Queen second. Time, 2:42.

TRUCKEE ITEMS.

[Truckee Republican October 7.]

The past season has been a remarkably good one for dairymen.

A petition is being circulated in the lower end of the county for the pardon of Geo. W. Smith, who in July, 1880, shot and killed T. W. Sigourney, the capitalist, and was sent to State Prison for 20 years.

The Board of Supervisors have levied a special tax of 70 cents on the \$100 to build a school house in Pleasant Valley district.

Large quantities of hides, wool and hay are daily arriving from Sierra Valley.

Sam Page, a dairyman in Squaw Valley, killed seven large deer near that place Thursday last.

Large flocks of ducks and geese can be seen every morning in the vicinity of the ice pond.

The dairymen have already commenced "pulling up stakes" and striking for the valley with their stock.

The weather for the past few days has been decidedly mixed. Hail, rain and sunshine, with an occasional snow storm, have prevailed. The roads are all reported in bad condition, and the logging teams are all laid up.

COUNTY CONTESTS.

The State candidates and speakers are out of the way, and the county ticket will now begin to boil. There are several close fights for the county offices, and it is well to understand where the hard work will come in.

Mr. Emmet is a first-class man, and his party is justified in doing everything they possibly can for him, for he will make a fine officer. He is opposed to a popular gentleman who will run well. The Judgeship is prize either party may be glad to win. Judge King's friends claim that out of 21 of his cases that went to the Supreme Court, 17 were sustained and four reversed. They are working hard, and it will take hard work and good management to stand them off.

THE BALL.

This kind of weather may not improve the condition of the race track, nor does it directly affect the floor in Kimball hall. But while people do not like to attend a horse race during a rain storm they greatly enjoy a good dance after a disagreeable day; that is the reason why the young folks who did not go out to the Fair grounds today have determined to go to the ball which the ladies of the Catholic church give to-night in Kimball hall, there to make up for the fun which the rain cheated them
